Dear Seas

I just wanted to thank you for hope effort you and your team at Spyro Supplies put into a sourcing, and supplying the wide range of items we required for the staff accommodation at international (by and Discovery Gardens over the past year. As with any hotel opening time lines are important and we createdy tested your patience and resourcefulness on many occasions to meet our ever changing needs and schedules. Our deternation were always met with open grace and an enthusiasm to help, that made working with your heam a pleasure. Their positive actitude even when sick and the never said "hip" philosophy made our opening of both the staff accommodation and ultimately the resort a great success.

I would also that to mention in particular Da who was always writing to listen and gave the impression that nothing was a problem to him, also Farhan, who would make sure all deliveries were correct and intact.

I will certainly consider you for any future projects we might have and I would glasly recommend Spyro Hotel Supplies, to any prospective company requiring similar services.

It was a pleasure to work with you and I wish you every success for the future.

Yours sincerel
